FOR IMMEDIATE RELEASE

Invoke the Saskatchewan Standard this weekend.

The Regina Community Clean-up Weekend takes place April 16th and 17th .

Citizens, Businesses, Community groups, Churches and The City of Regina are encouraged to get out and clean up the garbage and trash that has accumulated over the winter.

The receding snow has left behind 7 months worth of garbage, debris and trash. The city is a disaster. From plastic bags decorating trees to public recycling areas that look like a tornado ripped through – Regina needs to clean up its act. A group of concerned citizens has declared this coming weekend (April- 16 and 17) as **The Regina Community Clean-up weekend.**

“Honestly this is the worst spring that I can remember for trash. Our roadways, ditches, streets, parking lots and neighborhoods are really gross. It is actually quite embarrassing. I am sure the city will be out trying to get the dirt of the streets and clean up the trash, but it is the people that made this mess, we should all help cleaning it up.”

To get involved – An event has been created on facebook (A Regina Community Clean-up) where people can discuss and plan what area of the city they will participate in cleaning. Otherwise people are encourage to get out on the weekend and pick up trash, every little bit helps. For those not on Facebook, they can use the website Tornadohunter.com to connect with event organizer Greg Johnson.

Greg is challenging the business community to organize clean-ups with their employees throughout the week and weekend. “I am passionate about this city and I want everyone to feel some pride in where we live. I am putting up \$500 of my own money to pay for garbage bags for any children or community groups that agree to get out and clean up this weekend. I want to see Tim Hortons, Walmart, McDonalds and the other large sources of garbage to match my level of commitment.
